May 2005

Dear Parent/Guardian:

Thank you for your inquiry into Drive Tek's Youth Driver Education Program. Please check the enclosed schedule for the time and location of your choice.

In Des Moines the class locations are Brody Middle School and Upper Iowa University. Upper Iowa University is located just around the corner from Val Air Ballroom. The cost of the courses at Brody Middle School and Upper Iowa University is \$300. (No coupons accepted with this offer) The \$100 registration fee is due with your registration. The remainder of the fees are due by the fifth class session.

Other classes are held at Ankeny High School, Newton High School, and William Penn University in Oskaloosa.

The students will set up their driving schedule with the instructor during the first class period.

All of the scheduled classes are state certified and include 32 hours of classroom instruction, with 4 hours of instruction covering alcohol and drug abuse as it relates to the driving task and 6 hours of actual on-street driving.

You can register on line at www.drivetek.com or mail a registration form indicating your class preference. The US mail address is Drive Tek, 9120 NW 26th Street, Ankeny, IA 50021. You class confirmation will be sent approximately one week before classes start.

As a private enterprise, Drive Tek's mission is to benefit the student. Drive Tek strives to establish positive relationships with the student and to accommodate their needs and schedules as much as possible.

We look forward to serving you in the near future.

Sincerely,

Rodney G Van Wyk, President
Drive Tek, Inc.
